**Woodstock Outreach Initiative Program**

**Participant Agreement**

This is to certify that I, \_\_\_\_\_,  
agree to allow an officer and/or a Volunteer Angel to accompany me during my intake.

I understand that at any time I no longer feel comfortable with the Volunteer Angel I can request a new Volunteer Angel (if available) or to not have a Volunteer Angel assigned to me.

I also understand that I may be contacted in the future by a member of the Initiative to seek my input on the Initiative's effectiveness and ways to improve it; any information I wish to provide will be strictly confidential.

I agree to allow any and all treatment centers I've entered as a result of the Initiative to update representatives of the Initiative on the status of my treatment and/or other issues deemed relevant. These updates will be used purely for statistical reasons to help improve the Initiative, and will be strictly confidential.

I agree that any exchange of contact information (phone numbers, email addresses, physical addresses, etc.) with the Angel will be done by mutual agreement between the Angel and myself.

Lastly, I agree that any scheduled contact with the Angel outside the Initiative and/or the Woodstock Police Department is a personal decision and will not be inclusive in any part of the Initiative
